I _____ request re-endorsement by the Ventura County Women's Political Council. I continue to support the mission and core values of the VCWPC through my words, votes, and public actions, including:

- ➔ equal rights and equal opportunity for all, regardless of gender, age, race, sexual orientation, disability, and socio-economic or any other circumstance.

I share the commitment of gender equality in public office at all levels and pledge my support towards realizing this goal.
